

Lucas Confalonieri is an architectural associate with The Hezner Corporation. As a 2018 graduate of Iowa State University Lucas is new to practice in the field of architecture. His responsibilities include architectural representation, construction documentation, and design development. Lucas is involved in various projects and works on the visual rendering and representation of new and un-built projects.

Prior to joining The Hezner Corporation, Lucas was a full time student at Iowa State as well as working for the Association of Licensed Architects as a digital media and web designer. Additionally, He has experience with many digital rendering programs such as 3DS Max and photo shop. Lucas is beginning his licensure process and plans to take his first exam in early 2019.
